EARLINGTON, HOPKINS COUNTY, KY., FRIDAY, MAY 5, 1916

No. 36

THE FOLLOWING ORDINANCE

Was Passed by the City Council at Their Regular Meeting

MONDAY, MAY 1, 1916

The City Council of the City of Earlington, Kentucky, do ordain as follows:

Section 1.—That it is hereby declared that the construction and maintenance of an improved roadway for the use of the inhabitants of the City and the traveling public on East railroad street, Clark street, Robinson street and Rutter street in the City of Earlington, Kentucky, is necessary for the health, comfort and convenience of the inhabitants of said City, and especially of the inhabitants thereof owning property abutting on said improved roadway as herein-after defined and specified, according to lines and grades furnished by the City Engineer and specifications herein set forth, all to be approved by the State Highway Commissioner and Department of Public Roads, under the provisions for State Aid, for which application is hereby made; and it is therefore ordered that said City shall construct an improved roadway or street upon the ground now occupied by East Railroad street, from the Southerly City limits north to Clark street, Clark Street from East Railroad street to Robinson street; Robinson street from Clark street to Rutter street; Rutter Street from Robinson street to a point about 400 feet east of the intersection of Rutter street with the east line of Day street extended; two-thirds of the costs and expenses of which construction of said roadway or street shall be paid by the owners of the lands fronting and abutting said improvement, and the other one-third shall be paid by the City; provided however, that in no case the assessment of any land or the owner of land abutting the improvement shall exceed fifty percent of the value of the ground after such improvement is made, exceeding the value of the buildings and other improvements upon the property so improved; and the cost of constructing or re-constructing the intersection or crossing of any streets within the territory ordered to be improved shall be at the expense of the City; and it is ordered that two thirds of the cost of said improvement, subject to the proviso above expressed, shall be apportioned equally by the City Council and charged to the owners of lots and parts of lots and lands fronting or abutting or bordering upon the proposed improvement, according to the number of front feet owned by them respectively.

Section 2.—The City Clerk of the

City of Earlington is directed and ordered to advertise for bids for the contract for the construction of said improvement, and the furnishing of all material and labor necessary there to, by one publication in the Earlington Bee, directing attention to this ordinance and the specifications hereinafter contained, and calling for such bids, for not less than fifteen days before the regular June meeting, or any adjournment thereof, of the City Council, and at said meeting or at any adjournment thereof of any subsequent regular meeting of the City Council said City Council shall award the contract for said improvement to the lowest and best bidder and shall require the accepted bidder to execute a bond to the City with good and sufficient security to be approved by said Council for the faithful performance of his contract.

Section 3.—The description and specifications of said work and improvement, roadway and street, are as follows,

Approximate length of streets to be improved one mile.

WORK TO BE DONE—The Contractors are to furnish all tools, machinery and labor, and to do all the work in connection with the proposed improvement of said street—except as herein specified—including all drainage structures, grading and surfacing, in accordance with these specifications and plans and requirements of the City Engineer.

Said plans are to be approved as to details of construction by the Fiscal Court of Hopkins County and by the City Engineer of the said City, and form a part of these specifications. The Contractors are to leave the street and immediate vicinity in a neat and presentable condition ready for use.

EARTHWORK—The roadbed shall be graded for a width of 24 feet in conformity with the plans, profiles and cross sections that accompany and are a part of these specifications.

Embankments are to be made in layers, not exceeding 12 inches in thickness, until the proper grade is reached, unless otherwise ordered by the Engineer.

All measurements for earthwork are to be made in excavation. All surfaces and slopes are to be left smooth and neat.

PIPE CULVER'S—The trenches are to be excavated to the grade shown on the plan and profile and as given by the City Engineer, so as to insure a true alignment for the pipe.

Care must be taken that each section of pipe has a firm bearing through out its length. All pipe will be furnished hauled and placed by contractors.

SHAPING ROADBED—In cuts and fills unless specially directed the sub-grade is to be graded to a width as shown on cross section and is to be free from all spongy and vegetable matter, roots and stumps. The roadbed prepared for the broken stone surface is to be 18 feet wide as specified on drawing, and brought to the grade and cross section shown on plans and rolled with a roller (weighing not less than ten tons) until firm and hard. All depressions that may appear during the rolling are to be filled with earth and rolled until an even surface is obtained, and to the satisfaction of the Engineer.

Where no change from the present grade of those portions of the street not already surfaced with stone is shown on the profile, the roadbed is to be shaped to the proper cross section and rolled to firm, smooth surface before the application of broken stones. The price for this work is to be included in that for shaping roadbed and is to include all excavation and work that may be necessary for removing slight elevations and contiguous depressions, and also for

MRS. HAMER AGAIN LEADS

Other Candidates are Working Nicely but Holding Back Votes

WILL BE SIXTY IN PARTY

Mrs. Ed Hamer is again in the lead this week in the Bee's big subscription contest. From what we are able to learn all the candidates in the field are hard at work but are holding back their votes until after the present practice date. From three to seven years are Gibson to from one to three years.

The trial of Henry Mooningham and Harold Mathney, charged in the same indictments with the Stewards and Gibsons, but who demanded separate trials, was continued until the September term of court, as were the trials of 12 other alleged "possum hunters."

Conviction of the Stewards and Gibson tonight makes four on "possum" charges during the present term of court. The dispatch with which Judge Rhea has endeavored to enforce the law has elicited much favorable comment. Prosecution of the case was conducted by Commonwealth's Attorney J. R. Mallory, W. H. Gray and Herbert Merideth.

MISS ETHEL OLDHAM STILL IN THE LEAD

Six Others Right Up Front in the Watts Grocery

RIVER TRIP CONTEST

Miss Ethel Oldham is still in the lead in the Watts Grocery Cincinnati River trip but there are several others crowding her and there is absolutely no telling who will be ahead next Friday. All of the contestants are working well and interest is increasing. Some of them doubtless are holding back votes to be put in the ballot box on the last day of the contest June 15th.

MRS. TODD IS IN THE LEAD

In The George King & Sons Cincinnati River Trip Contest

THERE ARE OTHERS VERY CLOSE

Mrs. Lowry Todd is in the lead this week in the George King & Sons Cincinnati River Trip Contest. There are a number of others who are not so far from the head of the list and some surprising changes may be looked for in the next Friday issue of the paper. All of the contestants are doing good work and the interest and enthusiasm is growing every day.

AN ENJOYABLE AFFAIR

The choir of the M. E. Church gave their leader, Oscar East, a delightful surprise Tuesday night the occasion being his 27th birthday. After an unusually interesting choir practice at the church he was conducted to the parsonage where he was taken in charge by the male members and put under the bed in celebration of the event. When he emerged he was conducted to the dining room where the gorgeous birthday cake lighted by twenty seven candles had been placed upon the table. The cake had a ribbon for each guest issuing from the center and each guest had to cut a slice. Ask some who were present what all was hidden therein.

After the burst of merriment caused by the general slicing and its results had somewhat subsided, delicious refreshments consisting of lemon ice, cake and homemade candy were served by the hostess, Mrs. Burton and others.

Then Mr. East was ushered into the parlor where he was presented with several nice gifts from the choir in grateful acknowledgement of their appreciation of his faithful services as director of the choir.

The remainder of the evening was spent in pleasant conversation and singing.

Those present were: Mesdames Wm. Larmouth, Forrest Groves, Jim Austin, Carl Vickers, George Mrs Armstrong, Eliza Larmouth and J. L. Burton; Misses Lelia and Ethel East, Annie Clark Fay, and Fairy Burton; Messrs Wm. Larmouth, Earl East, Forrest Groves, Noble Clark and Oscar East.

At a late hour the guests took their departure, all wishing Oscar many happy returns of the days. As the whole affair was such a delightful surprise to him it is needless to add he wouldn't object if birthdays came quite often.

SOCIETY

All of the clubs postponed their meetings this week because of the series of meetings at the M. E. church, south.

The Delta F. Sigma club meets with Miss Laura Parker on Friday evening.

Mr. Mrs. N. G. Alford entertained a number of their friends at Rook Thursday evening. Delicious refreshments were served.

excavations for telford or macadam construction. Stone shall be out; acceptable to State Department of Public Roads and of size called for under macadam constructions. Stone from Irvington, Hopkinsville or Earlington Quarries is acceptable.

SHOULDERS—During the preparation of the sub-grade and before any stone is placed thereon, shoulders shall be built along each side, as indicated on the cross section drawings. They shall be built to a sufficient height to permit placing the lower course of stone against them, shall be true, to the alignment of the edge of the stone and shall have the side next to the stone as nearly vertical as the natural soil will permit. The shoulders may be built for both courses of stone before any stone is placed and the Contractors may use side boards having a heights equal to the loose depth of the stone. But, after the first course of stone has been rolled, the shoulders must be made true and properly shaped before the second course of stone is laid.

Only selected material readily compacting under the roller and containing no weeds, sod, roots or other perishable matter shall be used for shoulders.

MACADAM CONSTRUCTIONS

FIRST COURSE—The first course is to consist of sound stone broken to sizes varying from one and one-half ($\frac{1}{2}$) to three (3) inches. The stone shall be spread to a thickness of 6 inches at the center and 4 inches at the side approximately which shall not be less than 4 inches at center and $2\frac{1}{2}$ inches at sides after rolling and shall be thicker when specially ordered by the Engineer. The broken stone is to be spread as directed by the Engineer. After spreading, the stone is to be rolled until firm and thoroughly compacted and have a cross section to conform to that shown by the drawings, and to the satisfaction of the Engineer.

SECOND COURSE—The second course shall consist of stones varying in size from three-fourth ($\frac{3}{4}$) inch to two (2) inches, and shall be crushed limestone rock acceptable to State Department of Public Roads, unless otherwise ordered by the Engineer. The stone shall be spread to a thickness of 8 inches approximately, which shall not be less than 2 inches at center and $1\frac{1}{2}$ inches at sides after rolling, including old metal, but not bedrock; and the manner of spreading is to be the same provided for the first course, after spreading it is to be rolled until the stones are firm and thoroughly compacted, and to the satisfaction of the Engineer.

THIRD COURSE—The third course shall consist of limestone screenings varying in size from dust to three-fourths ($\frac{3}{4}$) inch. The screenings are to be spread dry and be suf-

ficient to fill the interstices, and shall be then watered and rolled, after which additional screenings are to be spread dry, watered and rolled until the surface becomes hard and smooth to the satisfaction of the Engineer. In no case shall screenings be rolled in dry. When specially directed by the Engineer, other binding materials than limestone screenings may be used, but should be applied in the manner above described. Screenings shall not be dumped on the stone, but thrown on with shovels, in the manner directed by the Engineer.

ROLLING—The rolling of the different courses of stone shall begin at either edge of the road and work toward the middle. Any special directions as to the manner of rolling which may be given by the Engineer in order to secure the best results shall be strictly followed.

CONCRETE WORK—All culverts and bridges to be constructed under the standard specifications of the Department of Public Roads of Kentucky.

Section 4.—Upon the completion of said work and improvement in accordance with the contract the work shall be received by the City Council, and said council shall by ordinance order the payments of the City's portion of said work and improvement out of its general funds, and shall apportion the cost and shall issue to the contractors apportionment warrants against the owners of abutting property secured by lien upon said abutting property and enforceable according to the Statute Law of the State of Kentucky and bearing interest from date of issue until paid.

Section 5.—It shall be and is unlawful for any person or persons to interfere with, obstruct or injure said

roadway or any materials, tools, appliances or other things used in connection with the construction thereof while the same is in progress of construction, and until the acceptance thereof by the City, and any person violating this section of this ordinance shall upon conviction be fined in any sum not less than \$10.00 nor more than \$100.00 for each offense.

To Your Borders O America!

The war on Alcohol is essentially defensive and it is America we defend.

The commercialized aggression of the liquor trade is frankly directed against the national ideal of the republic and bears all of the standards of a foreign invasion.

It is an effort to "continentalize" the United States, its social customs and governmental traditions, its hearthstones and women.

The success of this campaign will mean the death of the national soul born in '76. Every "nativist", under which name is grouped every American born who will not bow the knee and every foreign-born who accepts in good faith the doctrines and laws of the land to which he has come, is to be treated as a sniper by these European invaders.

The liquor-dealers are the men who have made this war and the Prohibitionists are the men who have been made by it. In iron-sided, stonewall solidarity, Americans have accepted the issue. Germany may have her animier-kneien. England may have her barmaids. We want none of them and we will kill the trade which proposes to inflict them upon us.

To look on life with tranquil eye
Is rather hard to do,
When bill collectors, smug and spry,
Are trailing after you.

To look on life with tranquil eye
Seems impossible this spring;

Best Thing for a Bilious Attack

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Lightning Strategy.

"Too many strategists," said a military officer, "jump to conclusions. They are too hasty. They begin a new movement before the old one is finished; hence all manner of errors."

"These strategists are like the floor-walkers whom a married man, having got separated from his wife in the crowd, approached and said:

"Excuse me, but I've lost my wife!"

"Cofins," said the floor-walker, "ninth floor, back. Gents' mourning, eleventh floor, front."

"When my daughter had whooping cough she coughed so hard at one time that she had hemorrhage of the lungs. I was terribly alarmed about her condition. Seeing Chamberlain's Cough Remedy so highly recommended, I got her a bottle and it relieved the cough at once. Before she had finished two bottles of this remedy she was entirely well," writes Mrs. S. F. Grimes, Crooksville, Ohio. Obtainable everywhere.

CATARRH MOST PREVALENT HERE

Indoor Worker Most Susceptible Common Diseases Than Others.

Probably the most distressing and prevalent disease to which Americans are heirs is catarrhal affection of the mucous membranes. According to medical authorities the indoor worker is more susceptible and is the worst sufferer from catarrhal conditions, of which there are many kinds.

Catarrh of the stomach and kidneys is one of the most common causes of dyspepsia and Bright's disease, and catarrhal conditions of the nose and throat often lead to deafness. Nine out of ten cases of deafness can be traced to catarrh, it is said.

Frequently the lungs become affected by the extension of catarrhal inflammation by way of the bronchial tubes to the lung substance.

The mental and physical state of the catarrh sufferers is, indeed, very unfortunate, and it is surprising to know what an immense number of people among those who reside in such cities as Earlington, Mortons Gap, St. Charles and Nortonville etc., are suffering from this almost universal malady when the believe something else is the cause of their trouble.

The symptoms of catarrh are: offensive breath, constant sniffing, discharge from the nose, headaches, full head, pains in the stomach, unsound digestion, loss of appetite, broken sleep, and a great liability to catching colds and sore throats.

Tanlac, the famous reconstructive tonic, was designed to relieve just these conditions. Thousands of men and women have unhesitatingly acknowledged the benefits they have derived through this Master Medicine.

Tanlac restores lost appetite, relieves sniffling, discharge from the nose, headaches, and stomach pain, and will assist in the assimilation of food and bring back sound sleep, according to thousands who have realized the benefits from this wonderful preparation.

Tanlac is a tonic of rare properties, an appetizer and general invigorant designed to rid the system of congestion, tone up the stomach, overcome indigestion, headaches, backaches, non-assimilation of food, nervousness, dizziness, ailments of the kidneys and liver, and the complaints that are so common to the half-sick, debilitated men and women of today.

Tanlac may be obtained in the following nearby towns: Earlington, Geo. King & Sons; Madisonville, Gardiner & Bowmer; Mortons Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker,

PLAN TO ATTEND THE Indiana Centennial Celebration Evansville, May 9-10-11

THE CITIZENS OF EVANSVILLE HAVE PLANNED the biggest entertainment ever undertaken by the city. There will be in addition to this celebration the State Encampment of the G. A. R., the Spanish War Veterans, the Women's Auxiliaries of these organizations.

There will be a pageant, on two evenings, depicting the important events in the history of Indiana. 2,000 actors will take part. There will be parades, speeches by the Governor and other noted speakers. There will be plenty of good clean educational amusement for every one. Plan to come.

And while you are here it will be a good opportunity to get acquainted with this 48-year "Young" Store for Men, Young Men and Boys. You'll remember this acquaintance along with the good time and the interesting things you see.

WELL-KNOWN KENTUCKY WOMAN SPEAKS.

A BOON TO WOMANKIND.

Wales, Ky.—"I take great pleasure in announcing to the public the great benefits I received from the use of Dr. Pierce's medicines. I had that dreadful disease, woman's trouble, which caused such bearing-down pains, burning sensation, and dull feeling in my head that I became a nervous wreck. I had five doctors to treat me, all to no avail. I had given up to die and to leave my dear husband and five little girls to the mercy of this world, when at last my husband begged me to try Dr. Pierce's medicines. I weighed 118 pounds when I began their use. I used 18 bottles of 'Favorite Prescription' and 'Golden Medical Discovery' and four or five boxes of 'Lotion Tablets.' At the end of the treatment I was well and weighed 163 pounds."

Mrs. RACHEL TACKITT.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the female system regulated and in condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

How to Drive Horses.

In making a long drive let the horses start out slowly for the first few miles. You can then increase their speed and the trip will be made in shorter time than if they had been driven fast at the start.—Farm and Fireside.

A Good Family Cough Syrup
Can be made by mixing Pine-Tar, Aconite, Sazur, Aloe, Sassafras, Peppermint, Ipecac, Rhubarb, Maudrake, Capsicum, Muriate Ammonia, Honey and Glycerine. It is pleasant, healing and "soothing" raises the phlegm, and gives almost instant relief. For convenience of those who prefer not to fuss, it is supplied ready made in 25c. bottles under name of Dr. Bell's Pine-Tar-Honey. Can be had at your druggist. Insist on getting Dr. Bell's Pine-Tar-Honey and see that the formula is on the package.

Natural Result.

"What do you suppose will happen when women are elected to our congress?"

"Then every woman member of the house will want to be speaker."—Buttimore American.

How Mrs. Harrod Got Rid of Her Stomach Trouble

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful bawling after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.

Nice Job.

"What line did you say you were in?"

"I manufacture a face powder that can't be kissed off."

"Who has charge of your provincial grounds?"—Louisville Courier-Journal

Keep Your Skin Clear and Healthy

There is only one way to have a clear, healthy complexion and that is to keep the bowels active and regular. Dr. King's New Life Pills will make your complexion healthy and clear, move the bowels gently, stimulate the liver, cleanse the system and purify the blood. A splendid medicine. 25c. at your Druggist.

In the Air.

East Wind—Well, they have us harassed. West Wind—Yes, but they can't drive us tandem.—New York Sun.
